Subject: Case Study 014: HOW THE JUNTA WAS CAPTURED

Dear Homeowners

While we pay our January fee invoices to the Junta there is something extremely uncomfortable about what is taking place. We have just received an invoice from the Junta Board with no explanation and no forecast budget for 2021

As we have been provided with no indication of what our money was spent on last year and we have had no indication of what our money is going to be spent on this year, we have to consider how on earth we come to be in this position?

The attached Case Study 014 **HOW THE JUNTA WAS CAPTURED** will fully explain how this all came about.

We know that many Homeowners, unsurprisingly, are very confused and do not have a clear picture of what has taken place or what is happening. Open Cabrera has carried out extensive research to find out for ourselves and we strongly recommend that you read this Case Study as it should make everything absolutely clear.

Home owners need to give some serious thought as to how they can do their bit to bring about the necessary changes to free Cabrera.

Enjoy the read!

Kind Regards
