Subject: Former Junta Delegado responds to Treasurer's letter

Dear Home Owners and Junta Board members

Please take the opportunity to read the attached heart-felt letter from former Junta Delegado, Liz Longden. This letter was written in response to the recent personal statement from the Treasurer, Jose Jerez.

Liz resigned from the Junta Board at the beginning of this year and has now, very bravely, agreed to share her experience of working for the Junta. We trust that she will be given generous support from the community for her candour.

There can be no stronger evidence for the need for constructive change in Cabrera. We need a fresh beginning and the opportunity to establish a new culture that everyone can actively support.

All the Best
