Subject: pagos voluntarios

Dear Owners

We thank the many owners who have responded to the Junta request for voluntary invoice payments enabling our services to temporarily continue.

Some owners have asked us to clarify the procedure to give permission for the Junta to apply the Direct Debit set up on their account.

If you wish to make the requested voluntary payment it is sufficient for you to simply press the “reply” icon to the previously sent invoice email.

The fact that you have replied is taken as positive response.

However, you can also add the following message text in your reply

“I hereby give permission for the Junta to invoke the DD for the amount as indicated on the attached voluntary invoice.”

For the few that have decided that they do not want to contribute to Cabrera daily services then they can either not reply or send a reply stating that they do not want their DD invoked.

We trust that this clarifies the procedure.

Regards

Junta de Compensacion Cortijo Cabrera Polygono 1
